So if submitting Part 3 and cost cert--if applying for additional credits (already got allocation in previous round but the total QREs are more than previously allocated--so we are applying (again) for additional credits--do we still enter the total QREs or do we need to put in the additional amount QREs we are requesting allocation on?

from Karen Bode Baxter to Everyone: 3:17 PM

So is this IL-HTC certification form the document you want attached to the S-3 application when we are including the Part 3 certification form + cost cert to show total QREs?

from Karen Bode Baxter to Everyone: 3:18 PM

That is what I meant for 2B

from Anna Margaret Barris to Everyone: 3:32 PM

The answer to Karen's first question is the TOTAL QREs should be used on the form.

from Martin Haxel to Everyone: 3:35 PM

cpa certification is from our own cpa?

from Martin Haxel to Everyone: 3:36 PM

yes

from Martin Haxel to Everyone: 3:37 PM

Do you usually run out of money before most applicants get an allocation?

from Martin Haxel to Everyone: 3:38 PM

thank you

from Karen Bode Baxter to Everyone: 3:39 PM

So do you usually only get to allocate through those meet 3 priorities

from Chuck to Everyone: 3:39 PM
