25% Illinois Historic Preservation Tax Credit (IL-HTC)

- Program runs from Jan. 1, 2019, to Dec. 31, 2028
- State income-tax credit equal to the lesser of:
 - 25% of Qualified Rehabilitation Expenditures (QRE) (same definition as for 20% federal historic tax credit or F-HTC), or
 - \$3 million
- Available statewide
- \$25 million of new allocations per year
- \$3 million credit cap per project
- Same project can't receive both RE-HTC and IL-HTC

25% Illinois Historic Preservation Tax Credit (IL-HTC)

- Same project can't receive both RE-HTC and IL-HTC
- 9 new towns have been added to the RERZ program:
 - **Joliet, Kankakee in 2023**
 - **Rock Island, Moline, East Moline, Quincy, LaSalle, Peru, and Ottawa in 2024**
- Projects shifting from IL-HTC to RE-HTC means more allocations available through IL-HTC
- RE-HTC will be available once DCEO certifies RERZs in each town
- Any F-HTC QREs incurred prior to RERZ certification by DCEO are not eligible for the RE-HTC

25% Illinois Historic Preservation Tax Credit (IL-HTC)

- Same design review as F-HTC
- Same fiscal rules as F-HTC, except:
 - Competitive allocation process
 - Eligible IL-HTC QREs must:
 - be incurred between 1/1/19 and 12/31/28, and
 - exceed the pre-rehab adjusted basis
 - Third-party CPA must certify costs
 - Issuance fee of 2% of credit amount collected before SHPO can release IL-HTC Certificate
 - Credit can be carried forward 10 years

25% Illinois Historic Preservation Tax Credit (IL-HTC)

- Allocations assigned by SHPO twice a year based on:
 - Number of priorities met (up to 5)
 1. Border-county location
 2. Former government ownership
 3. Certain census tracts
 4. Development partnership
 5. Federal disaster declaration
 - Date and time of S-2 application receipt
 - Est. QREs or actual QREs at Part S-3 stage
- An allocation is not a tax credit

25% Illinois Historic Preservation Tax Credit (IL-HTC)

- Application consists of 3 parts:
 - **S-1:** virtual application workshop (right now)
 - **S-2:** online submission (assigns date and time SHPO receives application)
 - **S-3:** electronic submission (asserts priorities met and eligible QREs)
- Projects must complete all 3 parts to be placed in queue for allocation
- Projects must have F-HTC Part 2 approved by NPS before applying (a.k.a., prior to S-1 workshop)
- No allocation = may re-apply in future rounds

25% Illinois Historic Preservation Tax Credit (IL-HTC)

- Since 2019 (through 11 allocation rounds):

Excerpts from *2023 Illinois HTC EIR*

Job and Income Creation

- Investment in IL-HTC and RE-HTC projects has generated, on average, 209.5 direct jobs and 321.8 indirect/induced jobs every year. This amounts to over \$19.6 million direct labor income and over \$20.6 million indirect/induced labor income on average each year.

Leverage

- Ultimately, every \$100 that is provided in commercial historic tax credits results in an additional \$478.29 in direct private investment and \$507.27 in indirect and induced economic activity.

Advanced Revenues

- \$53.89 of taxes have been paid to local and state governments before \$100 of historic tax credits are even issued by the state.

Each year, IL-HTC and RE-HTC projects have generated on average:

290.5

DIRECT JOBS

\$19,637,369

DIRECT INCOME

321.8

INDIRECT/
INDUCED JOBS

\$20,651,813

Excerpts from *2023 Illinois HTC EIR*

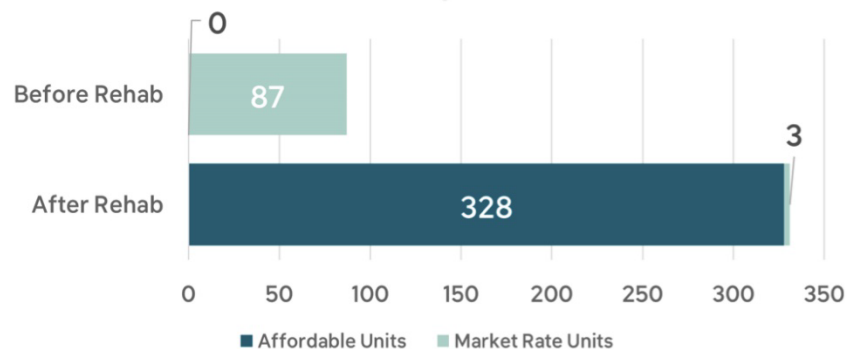

IL-HTC

MARKET RATE AND AFFORDABLE HOUSING CREATED BY
RE-HTC CERTIFIED PROJECTS (2012-2022)

Excerpts from *2023 Illinois HTC EIR*

RE-HTC

- Every \$250,000 the State grants in tax credits results in an additional \$29,884 in property tax revenues **every year**
- That translates to:

PLUS...

Hire
eight new police officers,
PLUS...

Hire an additional
five city maintenance workers,
PLUS...

Still have enough money to provide
\$250 per month rental subsidies for 163 families.

1. Projects with 5 priorities in the order their S-2s were received
2. Projects with 4 priorities in the order their S-2s were received
3. Projects with 3 priorities in the order their S-2s were received
4. Projects with 2 priorities in the order their S-2s were received
5. Projects with 1 priority in the order their S-2s were received
6. Projects with 0 priorities in the order their S-2s were received

S-3 priority total takes precedence over S-2 arrival time

SHPO Ordering of Applications

- SHPO starts with the complete application with the most priorities and whose S-2 was received first
- SHPO proceeds in descending order until the available allocation amount has been assigned

Example:

Project A: S-2 was the 1st received. S-3 asserts 3 priorities

Project B: S-2 was the 8th received. S-3 asserts 4 priorities

Project B would receive an allocation before Project A.

SHPO Assigning Allocations

- Allocation will be the lesser of:
 - 25% of 2.A estimated post-1/1/19 QREs, or
 - 25% of 2.B final post-1/1/19 QREs, or
 - \$3 million
- ...depending on the remaining allocation amount

SHPO review of IL-HTC Certification of QREs

- Missing data and signatures
- Mathematical errors
- Issues with CPA attestation, license number, or status
 - SHPO will confirm CPA's status through CPAverify and state licensure or professional regulation boards

The screenshot shows the CPAverify website homepage. At the top, there is a navigation bar with the CPAverify logo (a blue circle with a white checkmark) and the text "CPAverify". Below the logo, the navigation menu includes: START SEARCH, ABOUT US, PARTICIPATING STATES, CONTACT BOARDS, FILE A COMPLAINT, TERMS & CONDITIONS, and HOME.

On the left side, there is a testimonial box with a quote: "HR Directors have been looking for a way to ensure that someone who interviews - and lists CPA as a designation - is a verified professional. Can CPAverify help me with this process?" Below the quote, it says "ANSWER: Yes, CPAverify can be used to verify the status of a CPA." At the bottom of this box is a green button that says "START SEARCH".

The main content area features a "Welcome" heading. Below it, there is a paragraph: "Free and open to the public, CPAverify.org is a CPA lookup tool populated by official state regulatory data sent from Boards of Accountancy to a central database. The website represents the first ever single-source national database of licensed CPAs and CPA firms. Determine a CPA or CPA firm's credentials without having to search each of the 55 Boards of Accountancy website individually." Below this paragraph, it says: "Additionally, CPAverify.org also includes markers of enforcement, non-compliance or disciplinary action for added confidence in hiring a CPA." Below that, it says: "CPAverify provides several advantages including:" followed by a bulleted list:

- Giving the public confidence in hiring a CPA for personal or business purposes
- Assisting accounting firms in tracking their employees' license renewal dates
- Giving hiring managers a quick and easy way to verify pre-hire credentials
- Dissuading fraudulent use of the CPA designation while simultaneously promoting its value

On the right side of the main content area, there is a photograph of four business professionals (three men and one woman) in business attire, gathered around a laptop computer, looking at the screen.

IL-HTC Acceptance Letter

- Remember: Allocation \neq tax credit
- A project could receive less credit than allocated:
 - If 25% of certified QREs $<$ Allocation, then:
IL-HTC = 25% of certified QREs
 - “Over-allocations” will be added to the program’s current allocation total
- A project could receive less credit than eligible:
 - If Allocation $<$ 25% of certified QREs, then:
IL-HTC = Allocation
 - Project can apply for balance in subsequent rounds

What if the project received an allocation but...

- ...doesn't have NPS-certified Part 3?
- ...doesn't have a completed and signed IL-HTC Certification of Qualified Rehabilitation Expenditures form?
- ...post-1/1/19 QREs do not exceed adjusted basis?
- ...doesn't pay the issuance fee?

Answer: **No credit issued**

IL-HTC Certificate

- SHPO deposits check then submits Certificate for signature
- SHPO emails Certificate to applicant and IDOR
- Applicant begins claiming on next or amended IL tax return
- Per statute, applicant must attach a copy to IL tax return
