

EXISTING CONDITIONS

THEDE

Upper-floor casement windows with aluminum frames that fill the original opening.

Awnings should be installed one over each storefront as shown, with a total of 6 separate awnings. Awnings should be in a complementary color of the owners choosing.

Storefront windows, correctly proportioned to fill original opening. If windows do not extend to full height of original opening, area can be covered by awnings.

New commercial entry should be installed at central point on the building facade. Entry should match the new storefront.

PROPOSED DESIGN

Building should be painted in a tri-color scheme. Colors shown are from Sherwin Williams Paints.

Base: Coconut Husk (SW 6111)

Body: Aurora Brown (SW 2837)

Details: Harmonic Tan (SW 6136)

ILLINOIS MAIN STREET PROGRAM

The Illinois Historic Preservation Agency, through the Illinois Main Street Program, has provided this free design assistance to qualified property/business owners in the officially designated Main Street district. This conceptual rendering is based on information supplied to the staff. Should obscured architectural details or problems be revealed during the work, the local project manager and/or the staff architects should be consulted.
