REGARDING THE REPLACEMENT OF  
THE TOWNSHIP ROAD 86 (ROODHOUSE SPRINGS ROAD) BRIDGE

(STRUCTURE NO. 086-3218)  
IN SCOTT COUNTY  
NEAR THE VILLAGE OF GLASGOW, ILLINOIS**

**WHEREAS**, the Scott County Highway Department in coordination with the Illinois Department of Transportation (IDOT) plans to replace the Township Road 86 (Roodhouse Springs Road) Bridge over the Little Sandy Branch (Project) in Scott County near the Village of Glasgow, Illinois (Sequence #19563); and

**WHEREAS**, the Project will require a permit under Section 404 of the Clean Water Act, thereby making it an undertaking subject to review under Section 106 of the National Historic Preservation Act (NHPA), 16 U.S.C. Section 470f, and its implementing regulations, 36 C.F.R. Part 800; and

**WHEREAS**, the FHWA has defined the undertaking's area of potential effect (APE) as the footprint of the existing bridge; and

**WHEREAS**, FHWA has determined that the undertaking will have an adverse effect on the Township Road 86 Bridge over the Little Sandy Branch (Structure Number 086-3218), which has been determined eligible for the National Register of Historic Places, and has consulted with the Illinois State Historic Preservation Officer (SHPO) pursuant to 36 C.F.R. Part 800; and

**WHEREAS**, FHWA in consultation with the SHPO has determined that the undertaking will not have an effect on other cultural resources; and

**WHEREAS**, FHWA has invited the IDOT to participate in consultation and to become a signatory to this memorandum of agreement; and

**WHEREAS**, the public was given an opportunity to comment on the undertaking's adverse effect in a notice published on November 4, 2015 in the *Scott County Times*; and

**WHEREAS**, pursuant to 23 USC 144(g), there were no responsible parties who expressed an interest in taking ownership of the bridge to maintain and preserve the bridge in perpetuity; and

**WHEREAS**, the FHWA has notified the Advisory Council on Historic Preservation (ACHP) of the adverse effect, pursuant to 36 CFR Section 800.6(a)(1), in a letter dated November 19, 2015 and FHWA received no response from the ACHP; and

**WHEREAS**, the FHWA has invited consultation of the following Tribes, and no responses were received: the Kickapoo Tribe in Kansas, the Miami Tribe of Oklahoma, the Peoria Tribe of Indians in Oklahoma, and the Pokagon Band of Potawatomi; and

**NOW, THEREFORE**, FHWA, SHPO, IDOT, and Scott County Highway Department agree that the undertaking shall be implemented in accordance with the following stipulations to take into account the effect of the undertaking on historic properties.

### **STIPULATIONS**

FHWA, in coordination with the IDOT and Scott County Highway Department, shall ensure that the following measures are carried out:

1. Prior to beginning of construction activities, the IDOT shall submit documentation concerning the Township Road 86 Bridge over the Little Sandy Branch to the SHPO to the Level III Standards of the Illinois Historic American Engineering Record. The IDOT shall coordinate the recordation with the SHPO. IDOT must receive concurrence in writing from the SHPO that the documentation is acceptable prior to IDOT and Scott County Highway Department demolishing the existing bridge.

#### 2. DURATION

This MOA will be null and void if its stipulations are not carried out within ten (10) years from the date of its execution. At such time, and prior to work continuing on the undertaking, FHWA shall either (a) execute a MOA pursuant to 36 C.F.R. § 800.6, or (b) request, take into account, and respond to the comments of the Advisory Council on Historic Preservation (ACHP) under 36 C.F.R. § 800.7. Prior to such time, FHWA may consult with the other signatories to reconsider the terms of the MOA and amend it in accordance with Stipulation 5 below. FHWA shall notify the signatories as to the course of action it will pursue.

#### 3. POST-REVIEW DISCOVERIES

If potential historic properties are discovered or unanticipated effects on historic properties found, FHWA shall make reasonable efforts to avoid, minimize, or mitigate adverse effects to such properties and follow the requirements of 36 CFR Section 800.13(b).

#### 4. DISPUTE RESOLUTION

Should any signatory to this MOA object at any time to any actions proposed or the manner in which the terms of this MOA are implemented, FHWA shall consult with such party to resolve the objection. If FHWA determines that such objection cannot be resolved, FHWA will:

A. Forward all documentation relevant to the dispute, including the FHWA's proposed resolution, to the ACHP. The ACHP shall provide FHWA with its advice on the resolution of the objection within thirty (30) days of receiving adequate documentation. Prior to reaching a final decision on the dispute, FHWA shall prepare a written response that takes into account any timely advice or comments regarding the dispute from the ACHP and signatories and provide them with a copy of this written response. FHWA will then proceed according to its final decision.

B. If the ACHP does not provide its advice regarding the dispute within the thirty (30) day time period FHWA may make a final decision on the dispute and proceed accordingly. Prior to reaching such a final decision, FHWA shall prepare a written response that takes into account any timely comments regarding the dispute from the signatories to the MOA, and provide them and the ACHP with a copy of such written response.

C. FHWA's responsibility to carry out all other actions subject to the terms of this MOA that are not the subject of the dispute remain unchanged.

#### 5. AMENDMENTS

This MOA may be amended when such an amendment is agreed to in writing by all signatories. The amendment will be effective on the date a copy signed by all of the signatories is filed with the ACHP.

#### 6. TERMINATION

If any signatory to this MOA determines that its terms will not or cannot be carried out, that party shall immediately consult with the other parties to attempt to develop an amendment per Stipulation 5, above. If within thirty (30) days an

amendment cannot be reached, any signatory may terminate the MOA upon written notification to the other signatories.

Once the MOA is terminated, and prior to work continuing on the undertaking, FHWA must either (a) execute an MOA pursuant to 36 CFR § 800.6, or (b) request, take into account, and respond to the comments of the ACHP under 36 CFR § 800.7. FHWA shall notify the signatories as to the course of action it will pursue.

EXECUTION of this MOA by the FHWA and SHPO and implementation of its terms evidence that FHWA has taken into account the effects of this undertaking on historic properties and afforded the ACHP an opportunity to comment.
