Sisters of Mercy
Chicago Province

SISTER MARY FRANCIS, R.S.M.
Principal, 1949-1955
Director of Construction

SISTER MARY GIOVANNI, R.S.M.
Principal, 1955

An Acknowledgment . . .

. . . to those who have made this building possible

In 1953 His Eminence, Cardinal Stritch asked the Sisters of Mercy at Siena to enlarge facilities to accommodate one thousand girls. The project was obediently undertaken. His Eminence, with Siena's first pledge, promised Archdiocesan help to the extent of \$750,000. The remainder of the \$1,250,000 was to be met by Siena.

The Fathers' Club met in April, 1954, in Siena's former cafeteria and launched the drive to finance the new building. Father Flynn, Chaplain, and Sister Mary Francis, Principal, addressed the group and outlined plans.

As a result of this meeting, groups were organized to set up a pledge system. Mr. Duane Lawrence, Mr. John Mayer, Mr. Patrick Linskey and Mr. H. J. Carroll spearheaded this committee work. Throughout the summer and fall of 1954 they met, worked and planned. From January to June of 1955 parents of Sienans were invited to meet with Sister Mary Francis, Mr. Lawrence and Mr. Mayer and to become a part of the project.

The response to the untiring labor and zeal of the workers has made a dream of the past the reality of the present.

To the Sisters' request for prayers and financial help, the loyal friends of Siena made gratifying answers. A daily prayerful memento follows these benefactors who so generously pledged their utmost to build "not for time only, but for Eternity."

In Appreciation

The Sisters of Mercy are sincerely grateful to all who have contributed to the dedication fund.

To Sister Mary Francis, R.S.M., whose indefatigable zeal for Siena made the possibility of a new addition a reality.

To the Architect, Contractors, Superintendents and Workmen who labored in designing and completing this new building.

For untiring interest and effort, a word of special praise is extended to the members of the Fathers' Club Committee: Mr. Patrick Linskey, Mr. John Mayer, Mr. D. D. Tooley and Mr. Joseph Specht.

To the Student Body a heartfelt God Bless You for splendid cooperation, so typically Sienan!

Gratitude is due to the Wallinger Studios for contributing the bulk of the photography for this book.

To Carl Ullrich, Inc., for the architectural photographs.

To Joanne Yagelski for construction pictures.

We extend prayerful thanks to Mr. Raymond Langen and Campus Service, the publisher, for special services rendered.

Progress

"Consider the end and all that you do shall prosper" and the blessing of Omnipotence has been pronounced on the works of the Sisters of Mercy who continually breathe their awe-filled gratitude at the miracle of growth which God has manifested through them in our midst during the past sixty years. Efforts have fructified since the initial step to this site from St. Patrick's Academy, when, at the request of Father Louis Campbell, the Sisters founded St. Catherine's Academy. Father Campbell, then pastor of St. Catherine of Siena parish, assisted the Sisters in their purchase of the Woodbury home on Central avenue, and the following September, 1895, they began to educate the youth of Austin, in Austin's first Catholic school. To recall that it was necessary only two years later to replace this home with the brick building, St. Catherine's Academy, now Siena convent, is to realize the increasing influence which the Sisters had been exerting since their modest beginning in this area.

For many years, these walls served as the education center for the children from surroundings which since have developed into noted parishes: Our Lady Help of Christians, St. Thomas Aquinas, Resurrection and St. Attracta on the east and south; St. Catherine of Siena, St. Edmund and Ascension on the west; and St. Lucy and St. Angela on the north. Completion of parish schools periodically relieved the crowded academy.

In 1912, the property on Washington Boulevard from Central to Parkside avenue was procured, when progressive changes necessitated plans for expansion. However, this project was delayed in view of the fact that St. Catherine of Siena grammar school was under construction and was completed in 1917. It was now possible to abandon the grade school, and St. Catherine's Academy became St. Catherine High School.

"... and God gives the increase." In 1924 Mrs. John B. Foote, through the encouragement of her sister, Mrs. John T. Kerwin, pledged to augment the building fund in memory of her recently deceased husband. Affectionately inscribed in the memory of all those who love Siena is the name of Sister Mary Margaret, R.S.M., who carried on to success and guided every department of endeavor connected with the erection of this high school. Cardinal Mundelein dedicated the John B. Foote Memorial Building on October 12, 1925, the second anniversary of Mr. Foote's death.

In 1931, revision of the school's name gave the institution its present title, Siena High School; a title which has become endeared to thousands of graduates who are numbered among the blessings entrusted to Siena, to be bestowed by Siena on mankind.

With the growth of the school came the need for additional housing for the Sisters. In 1935, the original frame building gave way to the now existing convent with its large chapel dedicated to the memory of Mrs. John B. Foote by her sister, Mrs. Kerwin, Rose and Mary Shannon.

Other changes had to be made. It was with deepest regret that the Grotto of the Agony, that of St. Anne and the Blessed Mother Grotto had to be moved. Now, each forms a separate shrine. The statue of St. Anne, with Mary as a child, stands in the sunken garden which faces the new wing. The beautiful campus with its rustic walk had to be sacrificed to allow for additional building space. This entire lovely campus setting was the gift of Rose and Mary Shannon who anticipated our every need and who so graciously realized that with the campus space sacrificed to the building addition, the settings for their devotional memorials must change.

Assured of the financial assistance of the Archdiocese, the Sisters of Mercy once again initiated the construction of a new addition. His Eminence Samuel Cardinal Stritch obtained the financial aid of the various surrounding parishes. In their anxiety to provide Catholic education for their girls, generous contributions were made by several pastors whose material and moral support have played a great role in the construction of this edifice — an ultra-modern structure symbolizing tradition of years past, ideals of years present, and hopes of years to come — "built not for time but for Eternity."

No history of Siena could close without reference to the Sisters of Mercy who planned its original construction, to those who taught here in days gone by, to those who today are helping these mid-century Sienans reach for Christian ideals, and to those Siena alumnae who entered religion, either becoming Sisters of Mercy or going to various other communities to further the work of the Church. To these Sisters and their predecessors, Siena pays tribute.

JANIS MURPHEY PERSONNEL

Sincere Congratulations

from

FENWICK HIGH SCHOOL

*Better Foods
for Young
America*

Today, school cafeteria buyers have found that good food costs less, especially in feeding children and teenagers. There is no waste in serving food of the same fine quality that is featured in the leading hotels and restaurants. There is no extra cost for the assurance gained by serving food of the same purity as that served by the most exacting hospital.

Sexton foods are prepared exclusively for those who serve many people each day. This specialization makes dealing at Sexton's pleasant, convenient and satisfying. Sixty-three years of dependable service are back of every purchase.

A Sexton salesman calls in your town at least every other week. If he has not been in to see you, please drop us a card and we will have him call.
